Septembre 2012

Dear Friends,

Vacation's over and I hope you're looking forward to the various activities planned for you by Roses Anciennes en France.

Plant fests, reading, an upcoming exhibit, current info about the world of Roses, an account of our trip to the Gers as well as visits to gardens and of course the dates of our usual fall conferences.

The next trip of the association will be to **Sangerhausen in Germany** for the International Congress of Roses Anciennes in this city with its mythical Rose garden. Note the dates right now: **from June 19 to 23, 2013**. The program will be communicated later.

For our **periodical letters** we're considering, if all approve, using **E-mail in the future for those who have an Internet Address** in order to reduce postage expenses and allow last-minute program change information. (For the other members, the letters will continue to be sent out by Post). The change would take place in January 2013, the Bulletin being sent as always before, by Post.

Thanks for your comprehension.

« Rosamicalement »,
Your President,
Marielle Jourdan-David
